

UW-Extension Wood County Master Gardener Association

Wood County UW Extension

March 2020

The Wood County Master Gardener Association is a non-profit organization with a mission to educate and share information with its members and the community alike. In addition, it is our charge to promote the UW Extension from which we are founded. We are a diverse group interested in the latest research-based horticultural information.

WCMGV 2020 Program Information

The Future of WCMGV

With Karleen Remington

March 24, 6:30 p.m. McMillan Public Library

Wood County Master Gardener Volunteers will open our 2020 season on March 24 with annual awards presented to volunteers who have reached certain levels of donated time. Our treasurer, Barb Herreid, is working on tallying hours and making sure that each recipient receives the appropriate award. Perhaps you will be receiving recognition?

November membership forms contained some questions concerning recent changes in the Master Gardener program. Vice-president Karleen Remington will try to untangle some of the confusion and answer some questions that have been raised in a presentation titled *The Future of WCMGV*.

The March 24th meeting will take place in the Fine Arts Room at McMillan Public Library, 490 East Grand Avenue, Wisconsin Rapids beginning at 6:30. Doors will be open at 6 PM.

This image was taken from [Flickr's The Commons](#).

The Bulbs of Holland With Barb Herreid

April 28, 6:30 p.m. MARS

Barb Herreid will present a program that illustrates her recent trip to Holland and the bulb growing areas of that country. We will learn the history and culture of all the beautiful bulbs we put into the ground in autumn to overwinter and herald spring the next year. We will develop an appreciation for everything those bulbs have gone through before they landed in our gardens. The meeting will be at MARS on April 28 at 6:30 PM.

President's Notebook

Hello members, welcome spring weather! My spring bulbs are peaking out to check the temperature! Yep, spring is here! If you read the most recent VIBE you already know that a copy of the "Master Gardener Volunteer Position Description" did not get sent out by Madison as planned. As per the VIBE, we will receive a copy in March, please review the description when you receive a copy. We will be discussing the document as a group once everyone has a chance to read it. I read the document and think it is a positive move forward. I look forward to working with all members as we review the document to share our thoughts and input. Please make notes to share as you read the document.

Thanks to the committees that have jumped right in to get the Spring Seminar, Spring WR Plant Sale, Marshfield Children's Festival and Summer Garden Walk planned and ready to go. Thanks for setting up Coffee and Garden talk sessions at the various libraries. Thanks to the Marshfield Plant Sale Committee for getting an early start. Currently, they are busy researching new and exciting ideas for the 2020 Plant Sale.

Members, please lend these committees a helping hand when they ask for help, even an hour or two will be appreciated. Our organization cannot operate and be successful without 100 % of the membership helping in some way! Can I depend on each of you to step forward and join other members in making WCMGVA a successful organization in 2020? I believe the answer is YES!

As always, please feel free to contact me with any question, comment, idea, in put or just to chat over coffee. I am here to help you and the organization in any way I can! I look forward to seeing all of you at the March 24th meeting!

Please email to [Ruth Cline](#) any items needing to be placed on the agenda for the meeting 5 days before the meeting.

Volunteer Hour Awards

Volunteer Hours Awards to be Presented at the March Meeting:

Each year, as you submit your volunteer hours for the year, the hours are tabulated and added into previous years' submissions. Wood County Master Gardeners has an awards program to recognize certain milestones that are met during your Master Gardener career. Awards will be presented at the upcoming March meeting to the following and represent hours through September 30, 2019:

Newly Certified - 24 hours: Helen Legare
150 Hours: Jill Becker, Deb Rokke and Dick Shepherd
250 Hours: Shirley Anderson and Laurie Francis
500 Hours: Peg Harvey, Sally Sadowska and Carolyn Schulein
750 Hours: Donna Streiff and Joanne Wilkinson
1,000 Hours: Julie Carlsen, Chris Grimes, Denise Larson, Scott MacMillan and Penn Wilkes
1,500 Hours: Paula Klevene, Judy Miller, Kathy Poehnelt, Jan Sabin and Sue Wilford
2,000 Hours: Bob Cline
2,500 Hours: Micky Erickson
3,000 Hours: Mary Kay York
5,000 Hours: Ruth Cline
Congratulations to each of these members!

Garden Walk 2020

Planning has begun for our 21st Annual Garden Walk to be held Saturday, July 11, 2020. We are looking ahead to a bright, warm, summer day in which five gardens in the Rapids and Port Edwards will be featured. Garden Boutique and Refreshment Table will return. Four artists featuring original paintings and textiles will cap off a promise of a lovely day!

Our general membership, as well as our committee membership has dropped, so we are hoping everyone can contribute in some way. How can you help??

- Remember the Garden Boutique for garden related books, magazines, tools, equipment, pots, baskets, art, etc. while spring cleaning this year. Please make sure your items are CLEAN and in good repair.
- Watch for more information about Craft Nights and help make some really nice garden art to be sold at the boutique.
- As you travel about town, notice places that accept promotional flyers so you can return and put up one of our posters when they are available. Your bank, exercise venue, library, beauty shop, church, favorite greenhouse, golf course, and others often have a wall or bulletin board for these types of things.

Think about whom you know in your family, social circle, or work that might purchase or appreciate a gift of a ticket for Mother's Day, Father's Day, May Day, Hostess gift, Thank you gift, or any day.

Lastly, Our Garden Owners/Artists Meet and Greet will be held Monday March 9. Can anyone in the Rapids/Port area provide a snack for the reception we hold in their honor? It can be anything, sweet or savory, that doesn't require a fork to eat. Contact Chris Grimes, if you are able.

Thanks for your support!

April Garden Guide

from [Portage County Master Gardeners Volunteers](#)

- Start tomato seeds indoors. Research shows seven-week old transplants produce earliest fruit and best overall results.
- Cut back over-wintered geraniums to six to eight inches.
- Start fast-growing annual flowers indoors.
- Start seedlings of eggplant, okra, peppers and broccoli.
- Set out lily of the valley clumps with pips just even with the ground.
- When annual beds can be worked, turn over green manure crop such as annual rye in beds for annuals and vegetables. If none was planted, top-dress with compost or rotted manure.
- Remove mulch from spring flowering bulb beds.
- Container grown or balled and bur lapped trees and shrubs can be planted at any time during the growing season.
- Divide perennials and pot for the PCMG plant sale by the end of the month. This will provide roots time to get established.
- Prune and fertilize all bush fruits and grapes. Fertilize fruit trees as soon as possible after ground thaws but before blossoming.
- Plant rhubarb and asparagus as soon as ground can be worked.

[PENFOLD, Jane Wallas \(fl. 1820-1850, artist\)](#) and [William Lewes Pugh GARNONS \(1791-1863\)](#)

Here's an idea...

Have you come across something interesting related to horticulture and you were prompted to share it with your mom or your sister or your best gardening friend? How about sharing that with your WCMG colleagues by submitting the information for our monthly newsletter?

We're looking for anything of interest...

- a great garden book you just read/bought
- a pertinent seminar
- a fabulous greenhouse you found
- an interesting gardening story
- a garden tip that really worked well
- a great recipe

We'd love to hear your experience. Feel free to send a picture featuring your find. All you have to do is send it to Peg Klinkhammer, our newsletter editor (wcmgvs@gmail.com). The deadline is the 10th of every month.

Now another place to share your messages

The WIMGA newsletter is also looking for submission of articles that feature some educational subject, MG tips, fun garden ideas, and especially, news about what is going on in our MG association. So keep that in mind as you plan and implement your project. What aspect of your project can you and your team highlight with an article and pictures? Let's show Wisconsin what Wood County is up to!

Send your submission to the editors of WIMGA newsletter Hali Dessecker halirenee@yahoo.com or Nancy at westcoasternancy@gmail.com

Follow this link to the latest WIMGA newsletter to see what they are doing. <https://www.wimga.org/>

March Garden Guide

from [Portage County Master Gardeners Volunteers](#)

- Inspect gladiolus corms, dahlia tubers, begonia tubers and other fleshy rooted plants for rot and desiccation.
- Before ordering vegetable seeds, check last year's seed for viability by placing seeds between moist paper towels for several days.
- To keep your houseplants growing evenly, give the containers a half turn every two days.
- Start seed for impatiens, vinca, pansies, geranium and begonias in mid month.
- Continue to inspect stored vegetables.
- Check for over wintering fire blight cankers on susceptible varieties of apples and pears; remove by pruning.
- Spray dormant oil to control scale and other over wintering pests. Spray on any day above 40 degrees F and when forecast temperatures are to remain above freezing for 24 hours. This may be done until buds swell.
- Prune dormant trees and summer flowering shrubs. Don't prune spring flowering shrubs until after they have flowered.
- When forced bulbs have bloomed and tops have dried, store and then plant in garden in fall.
- Prune roses, fruit trees, and bramble fruits.
- Order catalogues from seed companies you've been meaning to try.
- Check your garden tools and make a list of new tools you will need or want.
- Sharpen garden tools.
- Give houseplants a monthly shower with tepid water.
- Check young trees and shrubs for rodent injury on lower trunks. Prevent rodent injury with hardware cloth or protective collars.
- Try growing some perennials from seed.
- Start seeds for leeks and onions.
- Don't use seeds with poor germination rates; seedlings may be more prone to insect and disease problems.
- Use a sterile soil-less medium for starting seeds to avoid damping off.

call/text: (715) 533-8006
711 for Wisconsin Relay

Wood County Master Gardener Volunteers

McMillan Library, Wisconsin Rapids, WI; November 19, 2019;
1 hr. continuing education

Meeting called to order at 7:45pm by Bob Cline, Vice President, pro tem. Bob Cline thanked Barb Herreid, Christine Griffith, and Micky Erickson for their presentation on England and Wales Gardens.

Minutes from October 22, 2019: Lynn Bushmaker moved to accept minutes as written, seconded by Judy Miller, motion carried.

Financial Report: by Barb Herreid. Karleen Remington moved to accept report; seconded by Chris Grimes, motion carried. Dues form and vouchers due to Barb Herreid by December 1st.

Extension Report:

Janell Wehr provided Level 1 Training posters for distribution. Deadline for signing up for training in December. No one has committed to attending at this time.

Online Reporting System (ORS) will prompt MGV to do an annual enrollment which includes volunteer agreement, assumption of risk, medical treatment permission, and photo release (optional). ORS will prompt this annual enrollment, once logged into program. Once up and running, will be due by February 1, 2020.

Old Business/Announcements: December newsletter deadline is December 6, 2019

New Business/Announcements: Barb Herreid awarded a gift to Bob Cline who is leaving the Board of Directors. Thank you Bob.

Nominations Committee: Micky Erickson announced nominations:

President - Ruth Cline;

Vice President - Karleen Remington;

North Director - Jill Becker

South Director - Ann Rozner

Micky Erikson asked three times for more nominations from floor. Nominations closed after no further names submitted. Shelby Weister made motion to accept nominations as proposed. Seconded by Jeanne Osgood. Motion carried.

Continuing Ed/Other Committee/Team Updates/Information

Project Chair Meeting update - Meetings went well and notes will be posted in the December newsletter

Community Education Committee - Spring seminar will be on March 14, 2020 at UWSP Marshfield. Main speaker on soils and 4 sessions on native plants, pruning, composting and incorporating food into gardens. Pruning demo optional at noon.

Motion to adjourn at 8pm made by Karleen Remington; seconded by Jeanne Osgood. Motion carried.

Next Meeting - March 2020 date, time and place to be determined

Respectfully Submitted, Sue Wilford, Secretary

Members Attending: Shirley Anderson, Jill Becker, Annette Bowden, Debby Brown, Audrey Brundidge, Lynn Bushmaker, Julie Carlsen, Bob Cline, Ruth Cline, Mary Czaja, Eliz Erdmann, Micky Erickson, Laurie Francis, Fern Fregien, Christine Griffith, Chris Grimes, Barb Herreid, Barb Kleifgen, Paula Klevene, Bea Kohl, Denise Larson, Judy Miller, Jeanne Osgood, Karleen Remington, Deb Rokke, Ann Rozner, Jan Sabin, Roberta Stolt, Shelby Weister, Sue Wilford, Penn Wilkes, and Marlene Winters.

Meeting Program: Garden Tour of England & Wales by Barb Herreid, Micky Erickson, and Christine Griffith. End of Year Gift Exchange.

WCMGV Spring Plant Sale 2020

This year's Spring Plant Sale will be Friday, May 15th, and Saturday, May 16th, at Helen's Zoo House at the Wisconsin Rapids Zoo, 2030 Gaynor Avenue. See the poster in this newsletter. We will have posters for members to distribute in their communities at the March 24th meeting.

These are our offerings for this Spring?

Perennials from Mayfield Nursery wholesale division.
Native plants from Agrecol wholesale nursery.
Houseplants grown in containers
Vegetables and flower plants started by seed from you and grown in sterilized seed/potting mixes. Now is the time to start. The seed racks in our larger stores/garden centers are full of ideas and choices.

We will educate the public with educational displays about jumping worms and native plants. We will also educate the public on the time of planting outdoors and how to care for the plants until that time.

And, of course, we will have the "Ask a Master Gardener" booth staffed.

Watch for more information in upcoming newsletters.

The plant sale planning team is Shirley Anderson, Liz Erdmann, Jennifer Fane, Bea Kohl, and Margie Schenk. Please give them your support by starting flower and vegetables seeds for the sale.

We will also be circulating a sign-up sheet for extra staffing the days of the sale.

Submitted by Micky Erickson.

Dear Molly, the MGV

Dear Molly,

I have been trying to get people to read my emails when I need help, but no one seems to respond. What can I do to get feedback on a timely basis?
Tautological

Hi T,

Here is an article from the New York Times as a reminder of what we should have learned in High School: **Eight Ways to Get Others to Read What You Write**

It basically boils down to: Write only when you need to, be succinct when you do write, in your subject line make sure to put what's expected, not just what it's about, ask clear, concise questions so the reader knows what needs answered, rewrite the questions so the main content is first, write (or call) to individuals if need be, not just groups and finally "Watch your pronouns... you is selfish. So is them. But, we works together."

Coffee & Garden Talks

at the Library

sponsored by

Pittsville, Arpin, & Vesper Libraries

&

Wood County Master Gardeners

Lester Public Library of Arpin

Seed Starting

A hands-on session to learn how to start your plants indoor. Children welcome to participate!

- Monday, March 16th 6-8pm

Landscape Design

Where do you begin? Learn the basic principles of designing a beautiful landscape.

- Monday May 11th 6-8pm

Composting

Learn all the basics: Benefits and how to start and maintain your compost pile.

- Monday, September 14th 6-8pm

Pittsville Community Library

Planting Natives vs Non-Natives

Explore the advantages of planting native plants to attract birds, butterflies, and pollinators to your garden.

- Monday, March 9th 6-7pm
- Wednesday, March 11th 1-2pm

Seed Starting

A hands-on session to learn how to start your plants indoor. Children welcome to participate!

- Monday April 27th 6pm

Lester Public Library of Vesper

Landscape Design

Where do you begin? Learn the basic principles of designing a beautiful landscape.

- Tuesday, May 5th 6pm

Invasive Plants and Pests

Learn about invasives that have come to our area and how to deal with them: jumping worms, lily leaf beetle, Japanese beetle, emerald ash borer, buckthorn, wild parsnip, purple loosestrife

- Tuesday, June 9th 6pm

Deadheading

Learn how to revitalize plant growth by deadheading in hands-on practice in the library gardens.

- Tuesday, July 14th 6pm

We'll put the coffee pot on, so stop by, share a cup, and enjoy these informal presentations.

All sessions **FREE!**

Advanced registration is encouraged, but not required.

Looking for Garden Gurus

As our emphasis as MGVs focuses on more education to the public, we want to give more members a chance to practice sharing garden knowledge with others. We are asking for help in providing the monthly **Garden Guru** program at the Marshfield Library, which is scheduled for every third Monday of the month at 6 pm. The programs usually lasts about an hour and include time for questions. In the past there have been 5-10 participants on average.

The library provides a computer and projector for Powerpoint presentations and will copy handouts for you. It also provides light refreshments. Powerpoints are not necessary, however. Simple show and tells are sufficient. In addition, the library provides light refreshments.

This is a great opportunity to practice your education skills in a small informal group. Some topics that have been requested are: shade gardening, container/apartment gardening, rain gardens, using native plants, controlling weeds, improving soil quality, butterfly gardening, caring for fruit trees, growing tomatoes, lawn care, growing and drying flowers. If you can help out with any of these topics, or if you have a favorite topic you would like to share, please contact Donna Streiff at 715-207-6218 or email at streiffonclay@tds.net.

Feel free to join us on the third Monday to learn or share or to see what the program is all about! Everyone is welcome!

2020 Master Gardener Volunteer Monthly Programs

Thanks to members for list of suggested programs!

March program is Volunteer Awards presentation!
Meeting time is two hours; time allotted includes a one hour program, business meeting, announcements and MGV 101 Subject.

McMillan Library 490 East Grant Ave. Wis. Rapids
Marshfield Ag Research Station (MARS) 2611 Yellowstone Dr. Marshfield
Directions to the August and September meetings will be provided in the WCMGVA Newsletters prior to those meetings!!!

All general meetings at MARS and McMillan Library begin at 6:30 pm...a change from our previous schedule.

Worm Compost, also called Worm Castings is a very rich source of nutrients for your plants.

Ideal for Containers, Hanging Baskets, Houseplants and Perennials

A LITTLE GOES A LONG WAY!

Benefits of Worm Castings:

- Superior organic fertilizer and soil amendment
- Naturally aerates and improves the soil
- Helps soil retain moisture
- Does not contain toxic chemicals
- Naturally releases nutrients to plants both immediately and slow-release
- Promotes biological activity in soil
- Promotes healthy root growth
- Doesn't burn plants
